## NEW on Campus Massage

Jason Ulwes

Jason completed his three year massage therapy program at Conestoga College in Techerebourg in 1999. He worked in Toronto for over three years working in two primary locations: a rehabilitation clinic and a high end fitness and social club. In both positions he was primarily doing deep tissue massage on motor vehicle accident clients and sports injuries. He also received a Rehabilitation Massage Therapy certificate from another 100-hour course taken at Conestoga College to further his rehab skills. Jason worked in Muskoka for two summers doing relaxation massage, and deep therapy in two different relaxed spa settings. He then moved on Kitchener as most out of the busy city, and to be closer to family and continued working as a massage therapist. In November of 2005 he opened up his own business where his work is doing soft a therapeutic on primary private clients and pain associated with office work. Jason is available to give you a massage on Monday, Tuesday and Friday from 8:30 am - 4:30 pm.

Josh Holden

Josh graduated from the Canadian College of Massage and Hydrotherapy in 2001 and opened his private practice in the Bruce Peninsula in 2004. He then went on to become a physiotherapy rehabilitation clinic in Kitchener Ontario from 2004 - 2006. From 2006 - 2008 he worked at several resorts and spas on a contract basis. He is now able to give you a massage on Wednesday from 2:00 - 6:00 and Friday from 10:00 - 4:00.

Evening appointments available by request for both Therapists.

## CSI health plan massage benefits

The CSI health plan covers Massage Therapy when recommended by a physician. You are covered 80% up to \$300.00 per policy year. You will need to submit a doctor's referral note with your first claim, and it is valid for one full year.

### For students on the CSI Health Plan

CSI is very excited to announce that you can NOW pay just the student dollar amount of 20% + GST, when you get your massage done here in the CSI Massage Room. This works having to pay the full amount and then submit your receipts, and makes getting a massage here even more convenient. So book your appointment today with Jason or Josh. The sign-up book is located inside the CSI office in room 2A104.

# Life at campus settling down

*Students and faculty at new Waterloo site faced some challenges but now enjoy comforts*

By LEAH MCARTY

After some sleepless nights and the loss of some faculty and students at Conestoga College's new Waterloo campus (reporting down on a move to a new location is a constant),

Greg White, dean of student and apprenticeship, Conestoga College and faculty didn't have a sleepless night as they moved into their new offices and classrooms.

A lot of students moved their offices from the Conestoga campus to the Waterloo campus during the summer but this is where they now - waiting out of town until their desks are set up, said White.

The sleep and discomfort were worth it, he says, as they have now moved into their new offices and classrooms.

White said the problems they had

were in the building itself. They found some drinking water at Conestoga College but not enough to make it. The water is not as good as the water at Conestoga College but it is not as good as the water at Conestoga College.

"We suffered in some ways from the fact that they were uncomfortable," he said.

"I was happy and happy because I could feel it in the air. It was not as good as the water at Conestoga College but it is not as good as the water at Conestoga College."

White said he was moved from his office at Conestoga College to his new office at Waterloo.
